Conflict Preparedness and Protection: Takeaways for Ukraine and Beyond

WHAT

Conflict Preparedness and Protection (CPP) is a **resilience-based approach** designed to mitigate the effects of explosive weapons by empowering civilians to be better prepared to protect themselves during armed conflicts.

In this **interactive webinar**, speakers will share their experiences with CPP and other protection campaigns during situations of active conflict, including good practices and lessons learned. A special focus will be on takeaways for Ukraine, yet the discussion will also be relevant for other global contexts experiencing conflict.

WHEN

Thursday, 7 April
10:00 — 11:30 CEST

HOSTED BY
