General description

Our EORE Inert Ordnance Training Aids are designed to be highly detailed yet extremely durable, allowing for effective training from the classroom to the battlefield. We manufacture and distribute the largest assortment of replicas and inert ordnance in the world. These items include solid urethane replicas, custom machined metal replicas, and OEM factory inert ordnance items.

Working characteristics

Enhanced production methods allow us to fulfill large orders in record time. Custom-designed products are produced by request and existing products can easily be modified. • Landmines • Grenades • Artillery Projectiles • Rockets • Submunitions • Fuzes
